Agency Highlights

Autism Resource Center: Provides skills development, enrichment programs, and support groups for children and young adults with Autism and their families. Services include SENSational Story Time with a Yoga Twist, the Exploring Disney Animation Club, Family and Sibling Support Groups, and more. Programming improves children's development, communication, and social skills.

**1,800 children
& young adults**

**100% funded by
grants, donations
& sponsors**

Day Habilitation and Pathways to Possibilities: Improves the quality of life, functioning, and independence for adults. Services include skill development in the areas of communication, employment readiness, self-care, socialization, relationship building, healthy living, self-advocacy, and community involvement. Programming includes the new Health Matters Initiative that improves the physical, mental, and emotional health of participants through weekly fitness classes, memberships to the local YMCA, nutritional support, targeted therapies such as art and music, and more.

80 adults

**New Health
Matters Program**

Residential Supports: Offers a range of housing options including apartments, condos, single family homes, and 11 residential group homes for adults. We provide support around activities of daily living, health and money management, advocacy, and community involvement. In 2021 we completed a massive renovation at one of our homes in Braintree, replacing the kitchen and bathrooms and updating all of the mechanical systems. We are in the process of renovating additional homes and adding smart home technology to allow residents to take ownership of everyday tasks with the support of voice- or computer-activated devices, cameras, sensors, and more.

50 adults

**Focus on
renovating group
homes & utilizing
smart technology**

First Early Intervention: Provides evaluations, education, referrals, supports, and therapeutic care for children from birth to age three who have developmental concerns. We work in collaboration with community resources such as center-based day cares, family day cares, family network services, schools services, Head Start, and private therapy. In 2020, we installed new rubber flooring at our center in Weymouth that improved the functionality, safety, and cleanliness of the space.

**700 children
ages 0-3**

**Increase in
diversity &
families utilizing
interpreters**

Personal Care Management and Adult Foster Care: Allows individuals with a permanent or chronic disability to live at home. Personal Care Attendants support activities of daily living including bathing, shopping, housekeeping, and meal preparation. For those who need more intensive support, Adult Foster Care allows individuals to live with their caregiver who provides meals and snacks, assistance with personal care, medication reminders and assistance, behavioral interventions as needed, shopping, laundry, housekeeping, and transportation to medical appointments and social visits.

1,380 adults

**37% increase in
individuals
served in 2 years**

*The Arc ensures that people with disabilities live
healthy, safe, independent, and empowered lives.*
